

Sinclair Broadcasting is blatantly breaking his responsibilities to the American people and to democracy. In this nation, many people (sadly) create their opinions based on what is coming in to them through the media. One man's decision is controlling more than just his one vote. This corporation has no right to present propaganda as fact to the trusting American people. This conflict at its simplest is large corporations vs. democracy. We can not sit back as hunger for power and money take over this world. Thank you very much for taking the time to hear my opinion.
